Academy Head: Debbie Thomas

14th September 2022

Dear Parents and Carers,

I am delighted to share with you the outcome of our Section 8 Ofsted inspection which took place at the end of last term.

I am sure you will agree that this is a hugely positive report and one that clearly reflects the hard work of all staff and the incredible attitudes and behaviours of our children.

Since my return to the school in January 2021 we have been working hard as a whole staff team, to develop a brand new curriculum and embed our vision of developing strong learning characteristics in all our children. This was identified as “ambitious” and being delivered “effectively” so that our children “know more and remember more as they progress through the school.” This is a hugely positive outcome for us and means that our vision and ethos have been recognised. I will be working with staff in school and across the Trust to continue to develop this work to ensure that our curriculum, once fully implemented, is of the highest quality and continues to challenge and enthuse our children.

Over the next few weeks, I will be sharing with you some work around home school communication to support the small minority of parents that did not feel we have got this quite right at the moment.

Looking forward, we will all be working towards being even closer to our goal of delivering an outstanding education for your children.

This report will be published on Ofsted’s website from the 27th September.

Thank you to all parents who responded to the review. We encourage our staff and children to thrive on feedback; it is the best way to learn what is working well and how to improve. I look forward to continuing our journey and developing ways to continue to grow and improve together.

Kind Regards,

Mrs Thomas
