Academy Head: Debbie Thomas

15<sup>th</sup> March 2021

## Collecting at the end of the day

In order to reduce congestion at the end of the day we are sending Reception children out 5 minutes early. This will allow parents to cross the playground with the smaller children before KS1 and KS2 leave their classrooms.

Please ensure that you use all the playground space including the astro turf when waiting to pick up. To prevent congestion- thank you

## Breakfast and After School Club

Our Breakfast and after school clubs are open again and we have spaces every day – If you would like to book a place please do so by 3pm the day before and pay using school gateway as normal.

## Respecting our neighbours

We have been asked to remind parents that Suffolk Drive is a private road and parking in this area at drop off and pick up is not permitted.

Please also ensure that all properties in our community are respected too. Gardens and fencing should be visually enjoyed not played with! Thank you for your understanding and supporting the children to respect their environment.

## Incas update

Mr Gooding is teaching from home until the end of this term as he is expecting the imminent arrival of his first baby. In order that he is COVID safe and able to attend the birth, he is teaching from home. Children are supported in the classroom with extra adults but Mr Gooding is delivering the lessons virtually

every day. We will keep you posted on news of the baby's arrival.

## New Babies

We are excited to announce the safe arrival of two new babies in school too. Both Mr Harris and Miss Dunnett have new daughters – Congratulations to both families. We are all looking forward to meeting the girls once it's safe to do so.

## Can You Help?

We are in the process of planning the development of our playground and areas outside of our KS1 classrooms. We are in need of pallets to make a mud kitchen with, some tree stumps for the children to sit on, large cable spools, old pots and pans and utensils for our music wall any spare nuts, bolts, screws etc for a mechanics station.

If you can help with any of the above please contact the office to arrange donation – thank you!

## Curriculum

We are coming to the end of our Planet Earth theme

Next term our theme is Britain – new plans will be uploaded on our website soon.
